Summary

A small robot arm using SG90 hobby servos

[Hobby & Makers](#) > [RC & Robotics](#)

A small robot arm using SG90 hobby servos designed in 2017 and revived on request.

I bought the small screws and tools at : <https://www.kingmicroschroeven.nl>

There where still some old videos online:

I included the Fusion 360 file so you can modify and remix.

Enjoy
